Mr. La Roy Sedler
McKinnon, Wyoming

Gentlemen:

At our meeting March 18, 1963, we discussed distribution of Burnt Fork for 1963. We set a budget the same as last year and all agreed on Lyle Anderson as commissioner if he would accept the job, Wyoming being agreeable. Mr. Criddle discussed this with Mr. Earl Lloyd, Wyoming State Engineer, March 29, 1963 and they wish to go ahead the same as last year.

We will now proceed to bond and appoint Mr. Anderson as Burnt Fork water commissioner.

Yours very truly,

Donald C. Rossetti
DISTRIBUTION ENGINEER
